

Number day

Friday 3rd February

All money raised will go towards buying maths resources that will develop the children's puzzle and reasoning skills.

Non-school uniform

Children are welcome to come to school in non-school uniform on Number Day. The theme is: 'puzzles'. **£1 donation** per household would be greatly appreciated.

Non-uniform day!

Coin challenge

Bring in coins to collect as a class. There will be prizes for the winning class that has the greatest weight of coins, the tallest stack of coins or the most value in coins. You can start bringing coins in at any time! The closing date will be **Friday 3rd February**.

Maths Superhero competition

We have an anti-maths villain on the loose! Cliftonville needs a maths superhero!

You can enter the competition in 3 ways (competition for each type of entry, per house – 12 winners in total):

- 1) Design a maths superhero.
- 2) Write about the maths superhero. For e.g.: A comic, a description of the maths superhero, a story of how the maths superhero will defeat the anti-maths villain – be as creative as you like!
- 3) Create a maths superhero. For e.g.: recycling materials you have at home (plastic bottles, toilet roll, cardboard boxes) to create a physical superhero.
