What would you like to see improve this year?

Thank you for your helpful comments about what we can do to improve. We will, of course, look at all of these but there are also some common themes.

Key area identified	What we are doing about it?
Improvement of the school environment	We are continually looking at new ways to improve the environment around the school
Developing further our Forest school and/or beach school	This is an aspect that is already in development through our work in developing the wider school curriculum
Having a PTFA that can focus on fundraising activities for the school	We are looking into this and will be taking it to the next parent forum meeting
More emphasis on personal development	Mrs Frith, Assistant Head Teacher is leading on Personal development and well-being across the school so watch this space!
Drop off and pick up	We are always looking at different ways in which to improve this
Even more communication about what is going on	The introduction of our new Facebook site will help with this

Thank you again
