# This is how we support your child

If your child has additional needs:

Your child's class teacher will create a Personalised Plan for your child which will show the additional support they are receiving and what their targets are.

The class teacher will discuss your child's Personalised Plans with you three times a year at the Parents' Consultation Evening.

This may involve further assessments by outside agencies, with your permission.

The SEND (Special Educational Needs and Disability) department may contact you to discuss your child's needs and possibly add them to the SEND register.

If your child is added to the SEND register you will be sent a letter to explain.

If you have any concerns about your child's learning the best person to speak to is their class teacher or Year Group Leader as they will know them best.

## Who do I talk to about SEND?

Initially please speak to your child's class teacher and discuss your concerns. If you would like to speak to our SEND department, please contact via our contact details which can be found in the 'worried about a child' on the main SEND page.
