

Suggested Comments For Reading Records

We know that it can be hard thinking of comments to write in your child's reading record without repeating the same thing so here are some examples that you might like to use or adjust to your child's reading or choice of book. We have broken them down into 6 different sections of reading. Please try to choose an appropriate comment from each section over the week. These are just a guide but will hopefully help you to write some constructive comments that celebrate your child's reading and help their teacher know what they need to work on.
